

eseia ETP 2012 – 2020 Overview

24 July 2020

- 1. Introduction**
- 2. 2019-2020**
- 3. 2017-2018**
- 4. 2015-2016**
- 5. 2013-2014**
- 6. 2012**

Introduction

eseia is proud of training the next generation of energy transition managers and specialists. The eseia ETP trained 500 people in 25 courses in ten years. Furthermore, ETP featured four brokerage events and four eseia bi-annual conferences, which reached another 500 participants. Altogether the eseia ETP welcomed more than 1,000 participants.

In total, the eseia ETP offered [four cooperative learning formats](#) the 14 International Summer Schools (ISS), 6 Interdisciplinary Student Camps (ISC), three Pilot Plant Courses (PPC), and 2 professional training courses.

In the past ten years many of these courses were answering to training needs of the bio-based industry. The best lectures are available in the eseia open access library online.

The eseia Working Group on Education and Training led by Ion Visa from UTBv was responsible for detecting skills gaps, developing new cooperative formats and for ensuring highest quality of the eseia ETP.

2020

- [ISS](#) on **Climate Friendly Bio-Energy Solutions** hosted by [Savonia AU](#);
- [Student Camp](#) on **regional bio based economy design in The Netherlands** funded by [BET](#), hosted by **Utwente**;
- [eseia 2020 Conference](#) on **Solar Energy Conversion in Communities**, hosted by **UTBv**.

2019

- **ISS** on **smart energy system integration and utilisation of non-conventional biomass** hosted by [UZagreb](#);
- **Student Camp on Biorefineries and Biobased Industrial Products** funded by [BET](#), hosted by [Kwood](#).

2018

- ISS on **Balancing of Bioresources and Energy production**, funded by [BET](#) and [Pheonix](#), hosted by LNEG;
- [ISS](#) funded by [SuPreme](#), hosted by [IMPPan](#);
- Student Camp on the **Regional Challenges of the Bio-Based Economy** funded by [BET](#), hosted by EAS;
- **BET Pilot Plant Course** hosted at [BAV](#);
- [eseia 2018 Conference](#) on **Towards the Promotion of Europe's Smart Energy Systems in Cities and Regions**, hosted at **TU Dublin**.

2017

- [ISS](#) on **Balancing of Bioresources and Energy Production**, funded by [BET](#) and [Pheonix](#), hosted by **UZagreb**;
- [ISS](#) on **Micro-scale Energy Systems**, funded by [SuPreme](#), hosted by **Utwente**;
- **BET Pilot Plant Course on Organic-Waste Exploitation**, hosted at [BAV](#).

2016

- [ISS](#) on **Novel Development in Biorefineries** funded by [BET](#), hosted by [LNEG](#);
- [ISS](#) on **Macro-scale energy systems** funded by **SuPreme**, hosted by [Aalborg University](#);
- Student Camp on **Bio-fuel Provision and Utilisation**, funded by [BET](#), hosted by [BRP](#);
- [BET](#) Pilot Plant Course hosted at **BAV**;
- [eseia 2016 Conference](#) on **Smart and Green Transition in Cities and Regions** hosted by **TU Graz**.

2015

- **ISS on Integrating Bioresources and Waste in Urban and Rural Energy System** funded by [BET](#), hosted by **LNEG**;
- [ener2i](#) Brokerage Event at **Yerevan**.

2014

- ISS on **Smart innovations to the energy challenge**, hosted by UBTv;
- Student Camp funded by BET, hosted by **BAV**;
- ener2i Brokerage Event at **Tiflis**;
- eseia 2014 Conference on **Smart and Green Transitions in Cities & Region**, hosted by **Utwente**.

2013

- **ISS** on **Sustainable Smart Metropolitan Regions of Tomorrow** funded by Styrian Academy and hosted by **UBTv**;
- Student Camp funded by BET, hosted by **BAV**;
- ener2i Brokerage Event at **Chişinău**.

2012

- ISS on **Societal Energy** funded by [Styrian Academy](#) and hosted by [TU Graz](#);
- [ener2i](#) Brokerage Event at **eseia Brussels**.
